

Canine Hemp Oil Complex™

3-in-1 Benefit for Whole Body Support

A unique formulation of hemp oil, calamari oil (omega-3), TrueBroc® and broccoli, combined to support the endocannabinoid system, healthy inflammatory response, and endogenous antioxidant pathways.

Why use Canine Hemp Oil Complex™?

- Supports the endocannabinoid system*
- Supports the body's natural inflammatory response function*
- Ingredients that provide antioxidant activity*
- Non-genetically engineered hemp
- Gluten-free
- Combination of natural omega-3 fatty acids, including DHA, DPA and EPA
- Calamari oil certified sustainable from the independent nonprofit group Friend of the Sea®

Supporting Systemic Balance Through Nutrition

A combination of well-balanced polyunsaturated fatty acids (PUFAs, omega-3 oil), Canine Hemp Oil Complex™ delivers essential fatty acids needed for the formation of specialized lipid mediators for a healthy immune response. Phytonutrients from TrueBroc® and broccoli provide antioxidant support by activating the Nrf2/ARE pathways.

A Unique Blend of Ingredients

Hemp oil from non-genetically engineered hemp (stalk and seed).

Calamari oil certified sustainable from the independent nonprofit group Friend of the Sea®.

TrueBroc® and broccoli (aerial parts) rich in glucosinolates.

Why support a dog's endocannabinoid system (ECS)?

The ECS is present throughout the body and appears to be an important factor in multiple physiological and pathophysiological mechanisms in all mammals.¹

Endocannabinoids are derivatives of PUFAs and are critical in supporting the ECS. Additionally, supplementation of hemp-oil derived fatty acids support key inflammatory mediators involved in the resolution phase of a healthy inflammation process.^{2,3}

A well-balanced ECS encourages favorable conditions in the body system, impacting the body's ability to manage metabolic stress⁴ and may support overall health and well-being.⁵

Servings per Container: 60 based on one softgel

How to administer:

Based on body weight, the canine patient should receive the formula according to the following recommendations, or as otherwise directed by a veterinarian.

Dosage Schedule:

1-10 lbs.	1 softgel every other day
11-50 lbs.	1 softgel per day
51-100 lbs.	2 softgels per day
101+ lbs.	3 softgels per day

Supplement Facts

Ingredients: Calamari oil, hemp oil (stalk and seed), TrueBroc®, and broccoli (aerial parts).

Other Ingredients: Gelatin, glycerine, water, dimagnesium malate, and beeswax.

TrueBroc® is protected by trademarks and patents of Brassica Protection Products LLC: www.brassica.com/ip

Active Ingredients:

Magnesium	20 mg/softgel
Glucoraphanin	2.5 mg/softgel
DHA	65 mg/softgel
EPA	27.5 mg/softgel
Omega-3	115 mg/softgel
Omega-6	30 mg/softgel
